

Mental Health **FIRST AID**

from NATIONAL COUNCIL FOR MENTAL WELLBEING

MENTAL HEALTH FIRST AID FOR HIGHER EDUCATION

It was clear to me we needed to do this [Mental Health First Aid]. I wouldn't let it go... My sense is we have a responsibility to pay close attention to the issues and look after our community [campus]."

— **Donald H. DeHayes**,
Provost and Vice President for
Academic Affairs, University of
Rhode Island

WHY MENTAL HEALTH FIRST AID?

Prepare your campus to address mental health and substance use challenges commonly experienced in higher education settings. Developed by people who have experienced mental health challenges and mental health professionals, this course teaches early intervention techniques and improves mental health literacy to help you understand, identify and respond to signs and symptoms of mental health and substance use challenges.

Our engaging training program will help you decrease stigma, address tough challenges, and allow your students, professors, and other school faculty to show up fully in their daily lives and support those around them.

88%*

of college students
reported their
school life to be
stressful.

60%*

of college students
met the criteria for
at least one mental
health challenge.

1/2*

of college students
followed from freshman
to junior year met
criteria for at least one
substance use challenge
during that time.
